

AAC Implementation Plan: Communication Methods

Method	Emerging	Context-dependent	Independent	Consistency rating (1-5)	Understood by:
Eye gaze/eye pointing/eye contact					
Body movement					
Facial expressions					
Gestures					
Signing					
Vocalizations or word approximations					
Spelling					
Literacy					
SGD					
Verbal speech					

AAC Implementation Plan: Communication Methods

COMMUNICATION METHODS (Check all that apply)

Method	Emerging	Context-dependent	Independent	Understood by whom:	Accessibility rating (1-5)	Consistency rating (1-5)
Eye gaze/eye pointing/eye contact		<input checked="" type="checkbox"/> Phasic eye gaze	<input checked="" type="checkbox"/> eye contact attention getting			
Body movement			<input checked="" type="checkbox"/> flapping excited emotions			
Facial expressions			<input checked="" type="checkbox"/> play down sad face	touch foot for gain (any kind)		
Gestures			<input checked="" type="checkbox"/> bring & put hand on push hand	<input checked="" type="checkbox"/> objects	as desired / as regulated	
Signing		<input checked="" type="checkbox"/> all done	<input checked="" type="checkbox"/> help rise, open mouth, push, move apple, water (10-15)			
Vocalizations or word approximations			"m" more "gig" → green, ruh	★ labeling/describing		
Spelling/Literacy	<input checked="" type="checkbox"/> adding letters (forming) Daniel Kymal (A-M)		"b" ball	if whole / not more	★ interacting conversing	
SGD			highly motivating items	conversation - after trying other systems		
Verbal speech						

Notes:

BEHAVIORS:

☒ pinching ☐ biting ☐ hitting ☐ kicking ☐ punching ☐ throwing items ☐ spitting ☐ yelling ☐ swearing ☐ pull hair

☐ disrobing ☐ inappropriate touching ☐ running

Self-injurious Behaviors (please explain):

→ (time & space) break pillows have

request songs → accuracy wants to sing

Confused.

freedance to device for requesting

★ satisfy

sound effects love "noooo" clapping repeating mama applause

recently consistency + attention for be

meds → seizures led to (- novel) peak new, novel hungry, thirsty, bathroom

when working i someone else (denied access to person)

look @ Daniel when pinching suddenly reach & pinch neck even though no impact

As

using as consistently.

PROVAIL
LIFE OPPORTUNITIES FOR PEOPLE WITH DISABILITIES
